

Do you have questions about your medication?

Do you find Norwegian difficult? Are you starting a medicine for type 2 diabetes or a heart medicine? You can get help with your medication in your own language. "Medisinstart" in pharmacies is free!

In "Medisinstart", a pharmacist in the pharmacy will help you with your questions. You get two conversations with a pharmacist. The conversations can be made by phone or in a separate room in the pharmacy.

Here are some examples of common questions:

Your appointment for conversation 1:

Date/time			
Pharmacist			
Pharmacy			
Place	In the pharmacy	<input type="checkbox"/>	On the phone

Your appointment for conversation 2:

Date/time			
Pharmacist			
Pharmacy			
Place	In the pharmacy	<input type="checkbox"/>	On the phone

As agreed with you, we have given your name and phone number to:

_____ Name pharmacist

_____ Name pharmacy

(You may change your mind. You can withdraw from the call and Medisinstart if you wish)
